
Assistant / Technical Designer

Maersk Container Industry AS (MCI) is a global industrial group with head quarter located in Tinglev and with production facilities in China. Today MCI employs about 65 people at the head quarter and globally we are over 5,700 people.

The position

MCI is currently seeking an Assistant / Technical Designer to our global Research & Development team which consists of 25 engineers and other technical employees. The team is responsible for R&D within the MCI Group and conducts various projects for customers, among others Maersk Line.

Your main task as Assistant / Technical Designer will be to assist the engineers in their daily administrative tasks. Thus, you will have a broad contact surface internally in the organisation.

As Assistant / Technical Designer, your responsibilities are:

- Various administrative tasks, such as filing, shipping of packages, preparation of PowerPoint presentations
- Updating of technical manuals and preparation of technical documentation
- Assist in updating the production drawings of MCI's dry and reefer containers

Your profile

You have an education as Technical Designer and . You have knowledge of administrative routines and have technical flair. Further, you are an experienced user of Microsoft Office and preferably you have experience with Inventor and AutoCad. Finally you have good English skills.

As a person you are service minded and flexible. You are good at structuring your work and have the ability to keep deadlines. Finally, you are committed to always delivering the best possible solution.

Career

MCI offers an exciting, challenging and responsible job in an international, informal and team orientated environment. The position offers good opportunities for both professional and personal development, to ensure that you are always updated within your field.

We are looking forward to hearing from you

We are looking forward to receiving your application and resume via the APMM Jobportal. Please apply under the job advert with reference no. If you have further questions, please contact Maria Smits Hansen at +45 7364 3431 or email mh@maerskbox.com. Applications will be reviewed continually (until a suited candidate has been identified) therefore; the recruitment will be active as long as it is posted.
